## RESEARCH EXPERIENCE

---

### **2012-2018 Graduate Research Assistant**

*Addictions Lab, Department of Psychology, UCLA. PI: Dr. Lara Ray*

Duties: Conduct diagnostic interviews, neurocognitive clinical assessments, and motivational interviewing sessions with research participants for an inpatient study examining medication efficacy in methamphetamine dependent individuals, as well as various outpatient studies of alcohol dependent individuals. Assisted with study start-up for ecological momentary assessment study of nicotine dependent individuals. Duties include submission of IRB documents, creation of study database, creation of questionnaire battery, designing study advertising and recruitment.

**2011-2012 Senior Research Assistant**

*Alcohol Research Center, Department of Psychiatry and Behavioral Sciences, MUSC. Principal Investigators: Drs. Carla Kmett Danielson & Suzanne Thomas*  
Duties: Organized and coordinated all aspects of the study start-up for an NIAAA-funded research component of the Charleston Alcohol Research Center, entitled Stress-Induced Drinking in Emerging Adults: The Role of Trauma History. Responsible for day-to-day implementation of the human laboratory study, administration of clinician-administered assessment instruments, data entry, quarterly data quality checks, and recruitment.

**2010-2011 Research Assistant**

*Center for Drug and Alcohol Programs, Department of Psychiatry and Behavioral Sciences, MUSC. Principal Investigators: Drs. Carrie Randall & Sarah Book*  
Duties: Worked on an NIAAA-funded R01 entitled Phased Treatment of Social Anxiety and Coping Behaviors in a Medical Setting. Performed data entry, data management, and enrolled participants. Completed Core Clinical Research Training ethics course.

**2009-2010 Research Fellow**

*Clinical Neuroscience Division, Department of Psychiatry and Behavioral Sciences, MUSC. Principal Investigator: Dr. Sudie Back*  
Duties: Performed data entry, database management, and assisted with statistical analysis using SPSS on a NIDA-funded study, entitled Prescription Opiate Use: Stress and Cues.
